

CLICKVERSE® ENROLLMENT

ClickVerse offers real-time grading, statistics, analysis, and progress reports.

METHOD

Allows users to create “Study Partners” from study notes and materials. Uses a 60 second time restraint to intensify focus and establish fluency through retention.

PROCESS

Uses a seven method system to assure retention of all content: Preview, Study, Review, Cram Session, Type-In, Take-It, and Digital Paper.

OBJECTIVE

Increase and retain knowledge through repetition. Provide real-time continuous assurance of content retention

CONCLUSION

See real results instantly. Increase efficiency and accountability by eliminating irrelevant content from your study material.

ClickVerse Enrollment allows students to form online study groups in order to share “Computer Simulated Study Partners” from any location in the world. Study Groups can have anywhere from 10-5000 members per term.
